Template – Test Smells Refactoring Experiment

Name: Roberto de Oliveira Coutinho

Project: commons-codec

I'm currently working on refactoring the following test smell:
Duplicate Assertion.

My main difficulties in removing these anomalies were:
Nenhuma.

I'm using the following refactoring methods to remove test smells:
Usei a refatoração "Extract Method", retirei a parte que se repetia no método e criei um novo método com essa parte.

From (0 to 10), how harmful is this test smell to the system? It's because ?
8, prejudica na compreensão do teste já que existem mais de um assert igual no teste.
